

Imaging and Biomedical Multi-Vendor Service

RESPONSIVE AND PROFESSIONAL SUPPORT THAT MAXIMIZES YOUR ASSETS UTILIZATION AND LIFESPAN

We fully appreciate the financial and operational constraints you face; we also understand that optimizing costs must go hand in hand with ensuring a high level of support.

By choosing Christie Innomed to manage your clinical assets across different modalities and vendors, you will benefit from service-level consistency, greater cost-efficiencies and reduced clinical risk.

Christie Innomed has provided confidence and continuity to healthcare centres across Canada at both hospitals and clinics for over 65 years.

As the largest independent medical equipment distributor and service provider in the country, we are established enough to handle any project scope and flexible enough to ensure personalized attention and responsive service.

FOCUS ON PATIENT CARE. WE HANDLE THE REST.

Leave all or part of your diagnostic imaging and biomedical equipment support needs under the wing of a single trusted service provider.

OEM-LEVEL MAINTENANCE SERVICES WITHOUT THE HEFTY PRICE TAG

From full, comprehensive 24/7 coverage and shared risk plans, to preventive maintenance only or 'call-as-you-need-us' time and material, we can customize our services to suit your needs.

Our strength lies in the breadth of the equipment that we are able to manage and the depth of the services that we provide.

TIME & MATERIAL ONLY

Pay for individual repairs as needed at competitive hourly rates.

BLOCK OF HOURS

Flat labour fee to fix issues as needed, with access to parts at an added cost.

PREVENTIVE MAINTENANCE ONLY

Low-cost service option for your equipment, if you are willing to take more risk.

SHARED SERVICE

Best support model for your in-house engineers with customizable risk level

POOLED PARTS SUPPORT

Preventive maintenance plus significant discount on select parts that can be applied to a pool of equipment.

FULL COVERAGE

Total protection for your clinical equipment and the most peace of mind.

"Christie Innomed has successfully developed a solution that is adapted to our needs. The flexibility and simplicity of executing the multi-vendor agreement has enabled us to maintain the high level of patient care that we provide in our region while stabilizing service costs."

— **Nairn Nerland** Chief Executive Officer, EFW Radiology
